

ENGINEERING EDUCATION AUSTRALIA COURSES

EEA popular two-day short courses are returning to Brisbane (& one in Darwin) during the March to June 2003 period as follows:

Managing Self & Others, 13-14 Mar (& in Darwin, 16-17 Jun)
Contract Management, 17-18 Mar
Project Management, 14-15 May
Risk Management, 20-21 May
Asset Management, 12-13 Jun
Writing Winning Technical Documents, 17-18 Jun
Business Development, 26-27 Jun

All courses are conducted from 8.30 am to 5.00 pm at centrally located venues. Lunch, refreshments, pen and paper are all provided. With comprehensive reference notes, Australia's leading presenters, and a price of only \$600 + \$60 GST per person for a 2-day course, we continue to offer some of the most cost-effective training available. The courses are not only for engineers, but for any person needing to perform at their best in the topics listed above. **The courses are open to both members and non-members of The Institution of Engineers.**

To examine details on these courses, and courses in other capital cities, please visit our web site (www.eeaust.com.au) or simply send an email to Frank Martinelli, General Manager, Engineering Education Australia (frankm@eeaust.com.au) who will forward course details by return email.

NOTE For organisations requiring training for larger groups of people, a customised in-house version of any of the above topics may be a cost-effective solution. Please contact EEA Manager, Development, Glenda Graham (glenda@eeaust.com.au) for a quote.
